

HORIZON AWARDS CERTIFICATES OF APPRECIATION

19th September 2013

Horizon International Flight Academy awarded certificates of appreciation to Al Ain International Airport personell whose contributions and support led to the success of Horizon's Emergency Response Plan Exercise held last week.

Although emergencies by definition are sudden events, their occurrence can be predicted with some degree of certainty and preparedness of all parties can not only provide guidance but also help reduce the possible consequences of the crisis. The actions taken in the initial minutes of an emergency are critical and the team involved in the exercise demonstrated their efficiency and readiness in case of a disaster.

Rashed Alshamsi - ADAC Operation Manger

Sultan Albaloushi - ATC Manager

Salem Obaid – Airport Emergence Support Commander

Horizon Safety Manager with ADAC Operation Manger
