

QHI & IR course graduation

13th October 2015

Horizon International Flight Academy graduated 12 pilots, 10 successfully completed training for Qualified Helicopter Instructor (QHI) course. The QHI pilots received the theory study and flight training which qualified them to carry the knowledge that can be transferred to the next generation of pilots. The two pilots successfully Complete Instrument Rating (IR) which takes the pilot to the level of proficiency required to fly under instrument flight rules. The graduates were from different nationalities.
