

PILOTS COMPLETE THE HELICOPTER BASIC FLIGHT TRAINING COURSE

8th December 2011

Pilots from the UAE Armed Forces today graduated at Horizon Flight Academy. They had been enrolled in the one year basic helicopter pilot training course, a program made in conjunction with the Armed Forces specifically for military pilots with the focus on enhancing their flying skills.

Horizon engages with military and para military forces on a daily basis to support their training requirement for both initial and advanced training. The combined effort produces innovative training solutions.
